Honey Wax

The Most Natural Form of Hair Removal. It is a gentle and effective method of removing unwanted hair. It's a type of sugar-based wax (also called sugaring or DIY waxing) that combines honey, sugar, and lemon juice to pull hair out from the root.

Special Wax

There are several types of specialized waxes designed for different skin types, hair textures, and areas of the body. Here's a quick breakdown:

1. Hard Wax (Stripless Wax)
2. Soft Wax (Strip Wax)
3. Fruit Wax
4. Chocolate Wax
